

RESTORATION OF THE COLORADO RIVER DELTA: ONE YEAR AFTER

TUESDAY, APRIL 14

**Panel/video screening
4:30 p.m. to 6:00 p.m.
Gallagher Theater
University of Arizona
Student Union
Memorial Center**

On May 15, 2014, the Colorado River met the Sea of Cortez for the first time since the 1990s. Come learn about the science and politics and see stunning video of the grand experiment to restore the Colorado River delta through release of an unprecedented "pulse flow."

PANELISTS:

Yamilett Carrillo
Executive Director
Delta Water Trust

Karl Flessa
Professor
UA Department of Geosciences
Co-chief Scientist
Colorado River Delta Monitoring Program

Francisco Zamora Arroyo
Director
Colorado River Delta Legacy Program
Sonoran Institute

MODERATOR:

Sharon Megdal
Director
UA Water Resources
Research Center

Sponsored by UA Water Resources Research Center and Water Sustainability Program

The Colorado River is shown on the top slowly flowing to meet the tides at the bottom. Photo: Francisco Zamora Arroyo, Sonoran Institute, with aerial support from LightHawk. May 12, 2014.
