# Next Steps

- ▶ Pinal Creek Trail Committee (PCTC) will need to be a formalized group to enter into agreement with BHP to create Demonstration Site.
- ▶ PCTC is exploring the possibility of becoming a Regional Trails Group with 501(c)3 status, to be able to receive funding for the Pinal Creek Trail Project and other area trails projects.
- ▶ PCTC is also taking inventory of nonprofits with similar aims, to potentially combine forces with.
- ▶ Once the PCTC is a formalized group, an agreement can be signed with BHP and surveying and construction planning may begin.
- ▶ PCTC will be seeking funding opportunities to fund construction of the Pinal Creek Trail Demonstration Site.
- ▶ Construct Pinal Creek Trail Demonstration Site.
